Code: 2901248 Size: 28"-50" Price: \$119.95

Alpinestars Bionic Neck Support

The Alpinestars Bionic Neck Support is a structure which is designed to work with a helmet to reduce the risk and severity of a catastrophic neck injury while riding motocross or off-road. The BNS is designed to substantially reduce the likelihood of a career ending neck injury although it must be stated at the outset that it, as with other such systems, may not prevent injuries occurring in all cases. The BNS comes with its own carrying bag for extra convenience..

Code: 27070040 Size: S/M/L Price: \$679.95

Fly Convertible Hydro Pack

The new Fly Racing Convertible Hydro Pack features a chest protector and hydration trail pack in one! This innovative design gives you pockets to store and organize items you bring along and includes a 70 oz. bladder all while protecting you from rocks and debris.

Code: 36-16070 Size: S/M, L/XL Price: \$129.95

Thor Static Knee Guards

Light weight and low-profile, the Static kneeguards fit comfortably under your riding gear. Featuring Airprene material and a hook and loop closure system promotes airflow while providing a comfortable fit. The injection molded shin and knee cap plastic offer adequate protection while riding.

Code: 27040129 Price: \$49.95

2009 Thor Impact Rig SE

The ultimate underprotector has arrived. Designed to offer maximum coverage yet hug your body, the Impact Rig concept is based on a form fitting micro-mesh chassis with integrated soft and hard protective panels that move with your body. Includes a removable kidney belt and permanently affixed elbow/forearm guards. This suit offers the most coverage available in an under-protector.

Code: 27010354 Size: S/M, L/XL, 2X/3X Price: \$139.95

2009 KTM Factory Racing Helmet

The new AC-X3 by HJC incorporates racer-tested features, such as the Advanced Composite Material (ACM) shell and the Advanced Channeling Ventilation System (ACS), to provide one of the most technologically advanced helmets in its class. Removable AquaTrans® "Open Cell" Interior Liner quickly wicks moisture away from the skin. Easily removable liner and cheek pads for cleaning or custom fitting. Soft helmet storage bag included. SNELL and DOT approved.

Adult: U6909090-95 Size: XS-XXL Price: \$249.95

Thor Hero Wrapped Goggle

Designed and developed to offer incredible comfort and performance, the Hero Goggle will exceed your expectations.

Code: 26010698 Price: \$49.95

2009 Thor Carbon Force Helmet

Built specifically for riders who demand the ultimate in performance, the Force Carbon Fiber helmets exceed every expectation. Carbon Fiber material is combined with resin to form "Pre-Preg" sheets that are hand laid to form the outermost layer of the shell. Offering amazing strength with great weight savings, the Carbon Fiber shell creates an amazing look. Trust these hand crafted helmets to protect you while riding.

Code: 01101697 Size: XS-XXL Price: \$429.95

Smith Intake Goggle

The next generation of motorsport goggles. On-demand air intake system allows you to channel cool air into the goggles at low speeds with a quick flip of the intake fairing. Available in Standard or Racer Pack options.

Adult Code: 26010609 Color: Orange Price: \$44.95

Smith Option OTG Enduro Goggle

Ideal for the serious off-road/enduro rider, with or without glasses, the Option Enduro OTG utilizes Over-The-Glass technology and a dual pane, anti-fog Airflow lens, for increased airflow and fog prevention.

Adult Code: 26010313 Color: Black, Blue, Clear Price: \$41.95

Order toll free: 1 (866) 663-4817

SXS Triple Clamps 18-20mm Offset

This factory team inspired Adjustable Triple Clamp allows unique offset adjustment capability from 18-20mm. CNC machined, anodized finish, comes with tube and lower bearing.

Code: 5940109901904 Color: Orange Price: \$329.99

Code: 5940109901930 Color: Black

Code: 5940109901988 Color: Bronze

KTM 2K Dual Compound Grip Set

KTM 2K (2k= 2 compound) Grips combine the durability of KTM Firm Compound Grips with the feel and absorption qualities of the KTM range of softer compound grips. Harder orange compound is used for the flange, inner sleeve and outer-end of the grip for maximum durability, where as softer black compounds are used for the outer diameter of the grip, which is in direct contact with the palm, fingers and thumb.

Code: 63002021100 Price: \$21.62

Rental Kevlar Reinforced Dual Compound Grips

Softest, tackiest and longest-lasting Rental grips ever. These grips feature Kevlar-reinforced fibers in a soft, dual-compound thermo-plastic elastomer, and last three times longer than regular soft grips. Used and endorsed by Mike Alessi, Nathan Ramsey and Ryan Hughes. Half-waffle design, and available in standard and tapered style.

Code: 06300265 Price: \$19.95

Handlebars and Controls

KTM Evolution Aluminum Handguards by Enduro Engineering

This handguard is used and preferred by our factory offroad team. When combined with the easy route mounts, and the KTM deflectors, this handguard offers a superior fit and great protection.

Code: U6907893 Price: \$26.51

KTM Easy Route Handguard Clamps

These clamps allow you to mount the KTM Aluminum Handguards without interfering with your cables and lines. These clamps are designed to fit perfectly on the bars, and will provide excellent stability no matter what conditions you encounter.

Magura Bars: U6907894 Price: \$45.61

Renthal Bars: U6907895 Price: \$45.61

KTM Handguard Deflectors

The deflector with the perfect profile. Made to be used with the KTM handguards, these deflectors provide superior protection without interfering with your levers. Used by our factory teams.

Orange Code: U6907897 Price: \$26.51

Black Code: U6907896 Price: \$26.51

ProBend Aluminum Handguards by Cycra

Our competition tested Pro Bend Aluminum Handguard sets are essential for off-road riders. Main frames are constructed of lightweight, rugged aircraft aluminum and they attach securely to the handlebars with CNC machined mounting hardware.

Magura Bars: U6951406 Price: \$95.47

Renthal Bars: U6951375

Standard Bars: U6951381

Moose Replacement Clutch/Brake Levers

An affordable replacement to OEM KTM Levers. Available in a variety of styles and applications to fit your KTM.

Brembo Clutch: 06130192 Price: \$19.95

Magura Clutch: M5595027 Price: \$19.95

Brake 05-08: 06140066 Price: \$8.95

GPR V2 Steering Stabilizer

This race-proven, fully adjustable stabilizer mounts underneath your handlebars. Offers an added level of control and comfort, particularly when the speeds increase and the track becomes more technically challenging. GPR Stabilizers come with everything you need for installation, including a dust cover and steering stem adaptor.

08-09 Machined Clamps: U6951093 Price: \$477.39

04-07 Cast Clamps: U6951003 Price: \$399.99

GPR V3 Steering Stabilizer

The GPR V3 is back! This stabilizer mount helps keep you in control, even in the rough stuff. The V3 mounts to your tripleclamps, and the new on-the-fly adjustment wheel mounts to your bar. Use the wheel to control the amount of resistance you need without taking your hand off the bar. Off-road riders love this item!

08-09 Machined Clamps: U6951094 Price: \$549.99

04-07 Cast Clamps: U6951095

GPR V4 Stabilizer (Black) KTM 2008

This design is the evolution of the GPRV3 without the remote adjustment and hoses. Racers wanted that slim under-bar mount, but did not need to have the remote adjustment, or hoses. The adjustment dial was moved to the left side and is easy to use but as small as possible. All machined from billet stock, anodized and laser engraved. An instant hit with the pro off-road racers. Smaller, lighter, faster.

Code: GPRV408 08-09 KTM 125-450 Price: \$474.99

Code: GPRV4690B 690 Enduro/SMC Price: \$525.00

Scotts Triple Clamp/Damper Kit 950 Adventure/SuperEnduro

The 950 kit includes a billet Scotts triple clamp, Sub mount Stabilizer, handlebar mounts locating the bars 5mm higher and 21mm forward from stock. This same kit is used by the factory KTMs in the Dakar Rallye and endorsed by Scot Harden and Jimmy Lewis, both multiple time Dakar riders.

Adventure Code: STCK950 Price: \$699.95

SuperEnduro Code: STCK950SE

Enduro Engineering Soft Seats

Comfortable KTM Seat. These words have never belonged in the same sentence. Until now! EE's new Soft Seats are currently in stock for 2004-07 and 2008 KTMs. Choose from Soft, Super Soft, Tall Soft and now new Standard Replacement and Tall Firm. These new complete seats are designed & manufactured right here in the USA.

Code: 75308 08-09 125-530 Price: \$129.95
Code: 75100 04-07 125-525

KTM Factory Frame Guards 2008

These frame guards protect your frame from damage caused by constant rubbing from your boots. Thermal insulated heat shield adds protection against those hot headpipes. The best way to keep your frame, and gear looking new!

Code: 77303094100 Price: \$24.39

KTM Fuel Tank 13 or 23 Liter 2008

Whether it is for a trip to the far corners of the world or a long distance race, the oversized capacity, slim-line tank cuts down on refueling stops — a big time-saving advantage over long distances. Available in two sizes to match perfectly with your new KTM!

13L Code: 7800701313344 Price: \$350.09
23L Code: 7800701323344 Price: \$445.57

EE Aluminum Skid Plates

High strength aluminium skid plates are now available for all new 2008 KTM models. Designed by factory engineers for perfect fit and function. Also available in Poly-Resin or Carbon Fiber.

Plastic/Bodywork

2008 KTM EXC-R Headlight Kit

OEM headlight from the 2008 KTM 450/530 EXC-R models. DOT approved. Kit includes headlight, mask, and all hardware.

Code: 78014001044 Color: Orange, White, Black Price: \$99.95

2008 KTM Taillight Kit

All Genuine OEM KTM Parts. Plugs directly into the OEM wiring harness. XC-F or SX-F models require the EXC rear fender 7800801300004

Code: 78014040044 Price: \$89.95

Headlights/Taillights

Trail Tech Eclipse X2 Headlight

2" SCMR16 HID spot light distance lamp for high speed riding and racing. 4" SC4 HID driving lamp with wide spread increases vital peripheral vision used in cornering and technical terrain. Other features include forward debris shield, integrated cable guide and compact installation.

Code: 36E370 Price: \$279.95

Enduro Engineering Off-Road Lighting Kit XC-W

A simple lighting solution from EE for your 06-07 XC or XC-W. The lighting kits are all assembled and ready to bolt on in just minutes. Each kit comes with a headlight, tail light, wiring and the proper KTM fasteners to make installation easy. Keep the clean factory look on your bike with our sano kit.

Fits: 2006-07 KTM 200/250/300/400/450/525 XC-W
2007 250/450/525 XC

Code: 30800 Price: \$199.95

Talon Rear Sprockets

All the benefits of a standard aluminum sprocket, plus a radial mud groove etched just inside the sprocket teeth to shed mud and grit. Saves weight and increases chain life. Hard anodized gold finish for maximum wear resistance and sharp appearance. Available in sizes 48-52.

Orange: 7513048 Price: \$54.95
 Black: 7513048B

Moose FB-Ring 520 Chain

This is the top of the line - the strongest, most durable sealed chain offered by Moose Racing. FB = Fine Blanking, an incredibly precise manufacturing process that yields perfectly cut links. Tight tolerances make the plate, pin, and bushing union accurate and strong. Due to the accuracy of the cuts and the use of 20% stronger steel the FB has the highest tensile strength rating, nearly 8000 lbs

Code: 12220103 Price: \$109.95

Front Counter Shaft Sprockets

Durable, long lasting KTM Counter Sprockets. Available in sizes 12-15.

Code: 5003302901 Price: \$26.83

DID Premium X-Ring Series 525-VM2 120 Link

Replacement chain for KTM 950/990 V-Twins. X-Ring chain has 1.5 to 2 times greater wear resistance than standard O-Ring chain. Special low-friction X-type O-Ring is used to increase performance and provide better sealing to keep dirt out and lubrication in. 525 VM2 features thicker gold side plates for added strength

Code: D18525VM2120 Price: \$149.95

New SXS-KTM/FMF Pipes for 08-09

All new 2-stroke pipes for 2009! Designed in Austria by KTM's SXS engineers and manufactured by FMF, these are the best pipes available for your KTM 2-stroke! Don't forget the matching Silencer and a Carbon Fiber Pipe Guard.

Code: SXS08300500 Price: \$244.00

KTM/FMF Silencer (Black) S/A

The exclusive black silencers from FMF let you know that this product was indeed specially made for your KTM. Features include lightweight extruded-aluminum oval canister, perforated core, stainless steel entry stinger and Power-Flo end cap. An ideal match to complete your KTM/FMF Factory Exhaust System. Also available in a spark arrested version. Now in stock for all 2-Stroke models, please call or go online for your application.

Code: SXS08300560 Price: Starting at \$119.99

FMF Factory 4.1C Carbon Exhaust

Used by KTM Factory Racing, the Factory 4.1 is FMF Racing's premier performance exhaust system. Now available in Slip-On, PowerBomb or MegaBomb versions for all KTM 4-Stroke 250/450/505/530.

Code: 18210320 Price: Starting at \$579.95

Akrapovic Evolution Silencers

The Akrapovic system is designed for off-road and enduro riders who are looking for the finest available exhaust systems and know how to get the most out of increased performance on the track. The system comes with the hexagonal design muffler, which complements the sleek body style of your KTM. Available for all new KTM 4-Stroke models including 990 SuperDuke and 690 Supermoto.

Code: SXS08530512 Price: Starting at \$727.99

R&D Power Bowl

With the advent of high performance 4 stroke engines, carburetor hesitation is a far too common occurrence. Temporary lack of fuel supply, caused by air pockets finding their way to jet passages, also cavitation in the accelerator pump, can quickly deflate a riders confidence in his machine. The solution? "R&D'S POWER BOWL" the complete answer to a real problem.

Code: 59-1001 Price: \$249.95

R&D Flex Jet Remote Fuel Screw

Why continue burning your fingers while attempting to adjust a rigid fuel screw? Or worse, fuel screws that vibrate loose while riding. R&D introduces "Flex-Jet", a simple, effective flexible shaft design that is the new industry standard. EZ quick adjustments are now within reach. Besides EZ access, another benefit is the Flex-Jet's ability to hold its setting. Loose fuel screws are now a thing of the past.

Code: 59-1002 Price: \$32.95

JD High Performance Jet Kits

The James Dean custom jetting kit is designed to improve throttle response throughout the range by using specially made multi-taper needles. These are based on the most popular settings used by new generation MX and off-road riders around the globe and the results are impressive. Now in stock for all new KTM models.

Code: JDK Price: Starting at \$75.95

Twin Air Factory Pre-Oiled Air Filter

Same industry-leading Twin Air Filter you are used to, now pre-oiled for your convenience. Filters are pre-oiled with Twin Air BIO Foam Filter Oil using our state-of-the-art filter oiling machines to provide the ultimate consistency in pore coverage.

- * Sold in Pairs

Code: M01066 Price: \$29.95

Heavy-Duty Chain Breaker

Use this handy tool to remove links from your chain quickly and efficiently. Our most popular chain breaker at an incredible price! Fits all size chains 415 through 630.

Code: DS192276 Price: \$16.95

Motorex Power Synt 4T

Fully synthetic, high-performance engine oil for 4-stroke motorcycles. Power Synt 4T stands for optimum protection against engine wear, biting power deployment and extreme temperature and shear stability. Recommended for use in all KTM 4-Stroke models. (690 Engines use Cross Power 4T 10W60)

Code: 36010006 Weight: 5W40, 10W50, 10W60 Price: \$15.95

Motorex Cross Power 2T

Fully synthetic, high-performance engine oil for 2-stroke motorcycles. Cross Power 2T: the name says it all. A specially developed oil for the hard conditions of the motocross track. Cross Power 2T goes with the machine through all highs and lows! Maximum lubrication, "premix or injector". Specially made for Enduro and Motocross machines. Developed and used by KTM Factory Racing.

Code: 36020003 Price: \$16.95

Motorex Top Speed 4T

Fully synthetic, high-performance engine oil for KTM Motorcycles. Recommended by KTM in 2-Stroke Gear Boxes. The innovative MC molecular structure provides unusually high performance. The results: minimum evaporation loss (low Noack) and exceptional protection against wear. Soft clutch gripping and a high friction-coefficient are no object for Top Speed 4T.

Code: 36010012 Weight: 10W40, 15W50 Price: \$12.95

Motorex Super ATF

Synthetic ATF designed to be used in smaller motorcycle engines with automatic clutch gearboxes. Recommended by KTM worldwide for their 50cc automatic clutch motors.

Code: 36030001 Price: \$12.95

Motorex Racing Chain Lube with Teflon®

Revolutionary new fully synthetic formula protects against chain and sprocket wear. Clearer and strengthened with Teflon R, a special chain lubricant with extreme adherence properties, especially on X-ring and O-ring motorcycle chains. Provides optimum chain life. Extremely resistant to fling-off and is waterproof and stable in high temperatures. 500 mL spray can.

Code: 36050002 Price: \$14.95

Motorex Twin Air Bio Filter Oil/Cleaner

Motorex Oil of Switzerland is now the official manufacturer of Twin Air Filter Oil and Twin Air Filter Cleaner world wide! Both the Foam Oil Filter Cleaner and Foam Filter Oil are biodegradable which means they are environmental friendly yet still provide the cleaning power and oil protection necessary to meet Twin Air's high performance standards.

Oil Code: 159017 Price: \$22.95

Cleaner Code: 159004 Price: \$19.95

Motorex KTM Hydraulic Clutch Fluid

Motorex Hydraulic Mineral Oil recommended for all KTM Magura Hydraulic Clutches. Excellent age resistance. Ideal viscosity at both high and low temperatures. High seal compatibility. 100ml Bottle.

Code: 36060002 Price: \$9.95

Motorex DOT 5.1 Brake Fluid

High performance brake fluid with high boiling point. Prevents vapor formation. Provides optimum braking and ultrafine sensitivity. Compatible with any DOT 3 or DOT 4 brake fluids

Code: 37030007 Price: \$9.95
