Code: U6951393 Price: \$135.99

Rental Fatbar 608 KTM Orange

Made for and distributed exclusively through KTM Hard Equipment. Only available in the KTM OEM 608 bend

Code: U6951392 Price: \$83.99

KTM 2K Dual Compound Grip Set

KTM 2K (2k= 2 compound)Grips combine the durability of KTM Firm Compound Grips with the feel and absorption qualities of the KTM range of softer compound grips. Harder orange compound is used for the flange, inner sleeve and outer-end of the grip for maximum durability, where as softer black compounds are used for the outer diameter of the grip, which is in direct contact with the palm, fingers and thumb.

Code: 63002021000 Price: \$19.99

Rental Kevlar Reinforced Dual Compound Grips

Softest, tackiest and longest-lasting Rental grips ever. These grips feature Kevlar-reinforced fibers in a soft, dual-compound thermo-plastic elastomer, and last three times longer than regular soft grips. Used and endorsed by Mike Alessi, Nathan Ramsey and Ryan Hughes. Half-waffle design, and available in standard and tapered style.

Code: 06300265 Price: \$19.95

Handlebars and Controls

KTM Evolution Aluminum Handguards by Enduro Engineering

This handguard is used and preferred by our factory offroad team. When combined with the easy route mounts, and the KTM deflectors, this handguard offers a superior fit and great protection.

Code: U6907893 Price: \$24.99

KTM Easy Route Handguard Clamps

These clamps allow you to mount the KTM Aluminum Handguards without interfering with your cables and lines. These clamps are designed to fit perfectly on the bars, and will provide excellent stability no matter what conditions you encounter.

Magura Bars: U6907894 Price: \$42.99

Renthal Bars: U6907895 Price: \$42.99

KTM Handguard Deflectors

The deflector with the perfect profile. Made to be used with the KTM handguards, these deflectors provide superior protection without interfering with your levers. Used by our factory teams.

Orange Code: U6907897 Price: \$24.99

Black Code: U6907896 Price: \$24.99

ProBend Aluminum Handguards by Cycra

Our competition tested Pro Bend Aluminum Handguard sets are essential for off-road riders. Main frames are constructed of lightweight, rugged aircraft aluminum and they attach securely to the handlebars with CNC machined mounting hardware.

Magura Bars: U6951406 Price: \$89.99

Renthal Bars: U6951375

Standard Bars: U6951381

Moose Replacement Clutch/Brake Levers

An affordable replacement to OEM KTM Levers. Available in a variety of styles and applications to fit your KTM.

Brembo Clutch: 06130192 Price: \$19.95

Magura Clutch: M5595027 Price: \$19.95

Brake 05-08: 06140066 Price: \$8.95

GPR V2 Steering Stabilizer

This race-proven, fully adjustable stabilizer mounts underneath your handlebars. Offers an added level of control and comfort, particularly when the speeds increase and the track becomes more technically challenging. GPR Stabilizers come with everything you need for installation, including a dust cover and steering stem adaptor.

2008 Machined Clamps: U6951093 Price: \$449.99
04-07 Cast Clamps: U6951003

GPR V3 Steering Stabilizer

The GPR V3 is back! This stabilizer mount helps keep you in control, even in the rough stuff. The V3 mounts to your tripleclamps, and the new on-the-fly adjustment wheel mounts to your bar. Use the wheel to control the amount of resistance you need without taking your hand off the bar. Off-road riders love this item!

2008 Machined Clamps: U6951094 Price: \$549.99
04-07 Cast Clamps: U6951095

GPR V4 Stabilizer (Black) KTM 2008

This design is the evolution of the GPRV3 without the remote adjustment and hoses. Racers wanted that slim under-bar mount, but did not need to have the remote adjustment, or hoses. The adjustment dial was moved to the left side and is easy to use but as small as possible. All machined from billet stock, anodized and laser engraved. An instant hit with the pro off-road racers. Smaller, lighter, faster.

Code: GPRV408 Price: \$474.99

Scotts Triple Clamp/Damper Kit 950 Adventure/SuperEnduro

The 950 kit includes a billet Scotts triple clamp, Sub mount Stabilizer, handlebar mounts locating the bars 5mm higher and 21mm forward from stock. This same kit is used by the factory KTMs in the Dakar Rallye and endorsed by Scot Harden and Jimmy Lewis, both multiple time Dakar riders.

Adventure Code: STCK950 Price: \$699.95
SuperEnduro Code: STCK950SE

Enduro Engineering Soft Seats

Comfortable KTM Seat. These words have never belonged in the same sentence. Until now! EE's new Soft Seats are currently in stock for 2004-07 and 2008 KTMs. Choose from Soft, Super Soft, Tall Soft and now new Standard Replacement and Tall Firm. These new complete seats are designed & manufactured right here in the USA.

Code: 75208 Price: \$129.95

KTM Factory Frame Guards 2008

These frame guards protect your frame from damage caused by constant rubbing from your boots. Thermal insulated heat shield adds protection against those hot headpipes. The best way to keep your frame, and gear looking new!

Code: 77303094100 Price: \$22.99

KTM Fuel Tank 13 or 23 Liter 2008

Whether it is for a trip to the far corners of the world or a long distance race, the oversized capacity, slim-line tank cuts down on refueling stops — a big time-saving advantage over long distances. Available in two sizes to match perfectly with your new KTM!

13L Code: 7800701313344 Price: \$329.99

23L Code: 7800701323344 Price: \$419.99

Plastic/Bodywork

Aluminum Skid Plates 2008 KTM

High strength aluminum skid plates are now available for all new 2008 KTM models. Designed by factory engineers for perfect fit and function. Also available in Poly-Resin or Carbon Fiber.

2008 KTM Taillight Kit

All Genuine OEM KTM Parts. Plugs directly into the OEM wiring harness. XC-F or SX-F models require the EXC rear fender 7800801300004

Code: 78014040044 Price: \$89.95

Headlights/
Taillights

Trail Tech Trail Light (Orange) HID 55-90W

Custom orange Trail Light. Auto-adjust 55-90W to match vehicle power (90 watts = Full brightness) (55 watts: 60% brightness) Light dims as power drops. Beam pattern designed for technical trail riding. Optimized for speeds less than 50 mph. Two 2" SCMR16 HID's and one 30 watt 4" SC4 HID integrated for powerful light output. Three individual switches, one for each light. Red adjust knob for easy aiming. Mounts easily to motorcycle forks with hose clamps.

Code: 4833SSD30 Price: \$439.95

Enduro Engineering Off-Road Lighting Kit XC-W

A simple lighting solution from EE for your 06-07 XC or XC-W. The lighting kits are all assembled and ready to bolt on in just minutes. Each kit comes with a headlight, tail light, wiring and the proper KTM fasteners to make installation easy. Keep the clean factory look on your bike with our sano kit.

Fits: 2006-07 KTM 200/250/300/400/450/525 XC-W
2007 250/450/525 XC

Code: 30800 Price: \$199.95

Stealth Rear Sprocket (Orange)

Stealth sprockets are the perfect compromise between weight and durability. Each sprocket has a anodized aluminum center with long lasting hardened steel teeth. Both sections are permanently joined by high-strength rivets. Stealth sprockets last at least three times longer than any other aluminum sprocket while it is half the weight of a normal steel sprocket. Available in sizes 38-52.

Code: 58410051004 Price: \$62.99

Z-Ring Chain 520 (118 Links) Orange by EK Chain

EK Chain's new Zero Stretch Technology virtually eliminates measurable chain stretch in the first 1000km of use. ZST puts an end to the hassle of retensioning the chain after the initial break-in period, when most chain stretch occurs. For racers, this can mean going several race weekends without a single chain adjustment. Now available in KTM Orange or Black.

Code: 5031080011804 Price: \$112.99

Front Counter Shaft Sprockets

Durable, long lasting KTM Counter Sprockets. Available in sizes 12-15.

Code: 5003302901 Price: \$22.99

DID Premium X-Ring Series 525-VM2 120 Link

Replacement chain for KTM 950/990 V-Twins. X-Ring chain has 1.5 to 2 times greater wear resistance than standard O-Ring chain. Special low-friction X-type O-Ring is used to increase performance and provide better sealing to keep dirt out and lubrication in. 525 VM2 features thicker gold side plates for added strength

Code: D18525VM2120 Price: \$149.95

New SXS-KTM/FMF Pipes for 2008

All new 2-stroke pipes for 2008! Designed in Austria by KTM's SXS engineers and manufactured by FMF, these are the best pipes available for your KTM 2-stroke! Don't forget the matching Silencer and a Carbon Fiber Pipe Guard.

Code: SXS08300500 Price: \$229.99

KTM/FMF Silencer (Black) S/A

The exclusive black silencers from FMF let you know that this product was indeed specially made for your KTM. Features include lightweight extruded-aluminum oval canister, perforated core, stainless steel entry stinger and Power-Flo end cap. An ideal match to complete your KTM/FMF Factory Exhaust System. Also available in a spark arrested version. Now in stock for all 2-Stroke models, please call or go online for your application.

Code: SXS08300560 Price: Starting at \$119.99

FMF Factory 4.1C Carbon Exhaust

Used by KTM Factory Racing, the Factory 4.1 is FMF Racing's premier performance exhaust system. Now available in Slip-On, PowerBomb or MegaBomb versions for all KTM 4-Stroke 250/450/505/530.

Code: 18210320 Price: Starting at \$579.95

Akrapovic Evolution Silencers

The Akrapovic system is designed for off-road and enduro riders who are looking for the finest available exhaust systems and know how to get the most out of increased performance on the track. The system comes with the hexagonal design muffler, which complements the sleek body style of your KTM. Available for all new KTM 4-Stroke models including 990 SuperDuke and 690 Supermoto.

Code: SXS08530512 Price: Starting at \$594.99

Rekluse Z-Start Pro Automatic Clutch

The z-Start Pro offers unique benefits as a high-end complement to Rekluse's industry-leading z-Start Clutch. The z-Start Pro offers features which directly benefit pro-level riders, motocross riders, and any motorcycle or ATV rider looking for the highest level of clutch performance. Available for all new KTM models.

Code: RMS83 Price: \$629.00

Rekluse Z-Start Automatic Clutch KTM

The Rekluse z-Start Clutch is an automatic clutch that simply replaces your stock pressure plate. Control the bike by simply turning the throttle. The z-Start Clutch eliminates stalling, improves traction, reduces arm pump, improves starts, increases corner speed, and puts more power to the ground in the most demanding situations. Whether you're a beginning trail rider or experienced off-road competitor, you can benefit from the industry-leading z-Start Clutch. Available for all new KTM models.

Code: RMS13 Price: \$449.00

JD High Performance Jet Kits

The James Dean custom jetting kit is designed to improve throttle response throughout the range by using specially made multi-taper needles. These are based on the most popular settings used by new generation MX and off-road riders around the globe and the results are impressive. Now in stock for all new KTM models.

Code: JDK Price: Starting at \$75.95

Twin Air Factory Pre-Oiled Air Filter

Same industry-leading Twin Air Filter you are used to, now pre-oiled for your convenience. Filters are pre-oiled with Twin Air BIO Foam Filter Oil using our state-of-the-art filter oiling machines to provide the ultimate consistency in pore coverage.

Motorex Power Synt 4T

Fully synthetic, high-performance engine oil for 4-stroke motorcycles. Power Synt 4T stands for optimum protection against engine wear, biting power deployment and extreme temperature and shear stability. Recommended for use in all KTM 4-Stroke models. (690 Engines use Cross Power 4T 10W60)

Code: 36010006 Weight: 5W40, 10W50, 10W60 Price: \$15.95

Motorex Cross Power 2T

Fully synthetic, high-performance engine oil for 2-stroke motorcycles. Cross Power 2T: the name says it all. A specially developed oil for the hard conditions of the motocross track. Cross Power 2T goes with the machine through all highs and lows! Maximum lubrication, "premix or injector". Specially made for Enduro and Motocross machines. Developed and used by KTM Factory Racing.

Code: 36020003 Price: \$16.95

Motorex Top Speed 4T

Fully synthetic, high-performance engine oil for KTM Motorcycles. Recommended by KTM in 2-Stroke Gear Boxes. The innovative MC molecular structure provides unusually high performance. The results: minimum evaporation loss (low Noack) and exceptional protection against wear. Soft clutch gripping and a high friction-coefficient are no object for Top Speed 4T.

Code: 36010012 Weight: 10W40, 15W50 Price: \$12.95

Motorex Super ATF

Synthetic ATF designed to be used in smaller motorcycle engines with automatic clutch gearboxes. Recommended by KTM worldwide for their 50cc automatic clutch motors.

Code: 36030001 Price: \$12.95

Motorex Racing Chain Lube with Teflon®

Revolutionary new fully synthetic formula protects against chain and sprocket wear. Clearer and strengthened with Teflon R, a special chain lubricant with extreme adherence properties, especially on X-ring and O-ring motorcycle chains. Provides optimum chain life. Extremely resistant to fling-off and is waterproof and stable in high temperatures. 500 mL spray can.

Code: 36050002 Price: \$14.95

MOTOREX

Motorex Twin Air Bio Filter Oil/Cleaner

Motorex Oil of Switzerland is now the official manufacturer of Twin Air Filter Oil and Twin Air Filter Cleaner world wide! Both the Foam Oil Filter Cleaner and Foam Filter Oil are biodegradable which means they are environmental friendly yet still provide the cleaning power and oil protection necessary to meet Twin Air's high performance standards.

Oil Code: 159017 Price: \$16.95

Cleaner Code: 159004 Price: \$12.95

Motorex KTM Hydraulic Clutch Fluid

Motorex Hydraulic Mineral Oil recommended for all KTM Magura Hydraulic Clutches. Excellent age resistance. Ideal viscosity at both high and low temperatures. High seal compatibility. 100ml Bottle.

Code: 36060002 Price: \$9.95

Motorex DOT 5.1 Brake Fluid

High performance brake fluid with high boiling point. Prevents vapor formation. Provides optimum braking and ultrafine sensitivity. Compatible with any DOT 3 or DOT 4 brake fluids

Code: 37030007 Price: \$7.95
